GOLD SHIPMENTS HURTING MARKET

**METAL INDUSTRIALS DEPRESSED
BY REDUCTION IN COPPER IN
NEW YORK—AMERICAN SMELT-
ING ALSO SUFFERS.**

NEW YORK, December 15.—The money market shows further effects of the demand of Europe for gold. The market was not without support at different stages, at which a drag in the decline caused occasional rallies. The appointment of a commission by Governor Hughes to probe the methods and practices of speculative dealings was made opportune use of by the bear party, although a substantial element of the stock exchange membership welcomed the move thus set on foot.

Part of the acute weakness shown by American Smelting in the last few days has been attributed to the proposition to reduce the tariff on lead.

A reduction in copper in the New York market was a factor in the depression shown by metal industrials.

Considerable demand to cover by shorts at the end of the day was a testimony to the professional origin of much selling.

Bonds were heavy.

METALS.

NEW YORK, December 15.—There was a sharp advance in London tin, spot closing at £132, 2s, 6d, and futures at £133, 15s. The local market was quiet, and higher in sympathy at 29.00 to 29.37½ for spot.

Copper closed firm in London, with spot at £62, 17s, 6d and futures at £63, 15s. The local market seemed to be weak and a shade lower, on an average: Lake, 14.25 to 14.37½, electrolytic 14.00 to 14.12½, casting 13.87½ to 14.

Lead was lower at £13, 2s, 6d in London, and locally weak at 4.20 to 4.25. Spelter was unchanged at £20, 12s, 6d in London and was quiet at 5.10 to 5.15 locally.

No change was reported in local iron. Silver 48.3-8; Mexican 45.

GRAIN.

CHICAGO, December 15.—Wheat at the close, was in form, almost at the best figures of the day: May, 105 1-8 to 105 1-4; July, 97 3-4.

Corn at the close was unchanged to 1-8 and 1-4 lower. May closed at 61 1-2 and July at 61 3-8 to 61 1-2.

Oats closed easy, with prices 1-8 to 3-8 lower. Final quotations: May 52 1-4; July, 47 1-8.

Market News

The reaction which had been predicted by conservative traders came yesterday and before the close of the session losses, some quite serious, had been sustained by practically all the stocks dealt in on the New York and Boston exchanges. The metal stocks suffered most. Continued gold shipments to Europe and the weak tone of the New York copper market are assigned as the chief causes for the slump. The market was of a highly professional character and the total of stocks pressed for sale was not large. On any further decline, dividend paying stocks should be purchased.

J. A. Wilson, the local broker, received a telegram from Cananea yesterday announcing that the Greene Cananea company had blown in two more furnaces, making six now in blast. Mr. Wilson is also in receipt of information from Kansas City giving positive assurance that the Inspiration deal was certain to be consummated, providing of course, that the agreement is ratified by a majority of the Inspiration stockholders, of which there appears to be no doubt.

The New York banks face extraordinarily heavy demands in connection with the payment of Panama bonds, new corporate securities, year-end disbursements and, possibly, gold exports. Money rates, therefore, can scarcely fail to become distinctly harder temporarily. European discounts continue firm, notwithstanding enormous liquidation of American securities. The Transvaal gold output during November, 614,370 ounces, was slightly below the October total, but as the month contained one day fewer than October, the daily yield constituted a new high record. This gold will materially strengthen the European position. Several very large government and other loans are pending abroad, although the output of new capital there has not been relatively as heavy as in the United States, which reports a grand total since January 1 of \$1,421,937,000, an increase over 1907 of \$238,510,000. The railroads were responsible for \$981,920,000 of the total, other corporations contributing the remaining \$440,107,000.—New York Journal of Commerce.

THE GANS-NELSON FIGHT.

Last time at the Iris tonight.

You should always remember that most cough and cold cures are constipating. Yet the most important thing to do when you have a cold is to move the bowels. You cannot promptly cure a cold until you do this. Kennedy's Laxative Cough Syrup stops the cough by allaying inflammation of the throat and lungs, and it drives the cold from the system by gently moving the bowels. Children like it for it tastes nearly as good as maple sugar. Sold by Palace Pharmacy and United Drug Co.

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments—the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak Stomach, Heart or Kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then those organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days and see! Improvement will promptly and surely follow. Sold by Palace Pharmacy.

KELLY AND PAPKE FIGHT TO DRAW 25 ROUNDS

**CHICAGOAN'S BACKERS LOUD IN
DENUNCIATION OF JEFFRIES'
DECISION.**

Kelly Leaves Ring Without Single Mark While Both of Papke's Eyes Are Shut and His Cheeks Are Pounded to Pulp—Fast Go at Every Stage.

LOS ANGELES, December 15.—Hugo Kelly of Chicago and Billy Papke, the former middleweight champion of the world, fought twenty-five fast rounds at Jeffries' Vernon arena here tonight. At the close of the final round, with both men fighting strong, Referee James J. Jeffries called the fight a draw. Kelly left the ring without a mark, while Papke had both eyes closed and his cheek bones pounded to a pulp.

The draw decision was loudly protested by Kelly's backers and a majority of the 4500 spectators.

In the fourth round, Papke dropped Kelly with a clean right to the jaw and it seemed like a knockout, but Kelly rallied desperately and made the round even.

First Ward Annual Affair Held in Defiance of Protests of Church People and Law and Order Organizations—Big Campaign Fund Raised.

CHICAGO, December 15.—With an attack on a newspaper photographer and the smashing of his camera as a prelude, the first ward annual affair, presided over by Alderman John Coughlin and Alderman Michael Kenna, was held in the Coliseum tonight, the efforts of the church people and law and order organizations to prevent it having proved unsuccessful. A large guard of police surrounded the building. It is estimated that the receipts from the sale of tickets will amount to \$25,000, which will be used toward electing Alderman Ward, whose term will expire next spring.

BIGGY'S BODY IS FOUND FLOATING IN BAY

**DISCOVERY MAY LEAD TO FULL
REVELATION OF CONFERENCE
WITH COMMISSIONER.**

Following Disappearance of the Police Chief of San Francisco, Keil Made Extensive Memorandum Which He Turned Over to Mayor Taylor.

SAN FRANCISCO, December 15.—With the finding of the body of Chief of Police Biggy in the bay this morning, full reasons for his visit to Commissioner Keil promise to be revealed to the public. The morning after the chief's disappearance from the police launch, Keil made extensive memorandum of the conversation which he had with the head of the police department on the previous evening and entrusted it to Mayor Taylor, who refuses to divulge its contents.

The body was found floating near Government island.

Choked to Death
Is commonly said of babies who have died of the croup. How unnecessary this is. No child ever had the croup without having a cold or cough at the start. If you will stop the first symptom of the cough with Ballard's Horehound Syrup there is no danger whatever of croup. For sale by Palace Pharmacy.
